PROPOSAL FOR WEBSITE CUSTOMIZATION –
OMODA JAECOO WEBSITE

Submitted to

Mr. Ebrahim Mattar

Head of Corporate IT

Saleh Al Hamad Al Mana

Doha, Qatar

Thank you for the opportunity to submit a proposal for the customization of OMODA JAECOO Motors' website.

Project Overview

The front end design of Omoda Jaecoo Website is already built in View.js and it requires certain small customizations. The engagement will include the customizations mentioned in the scope below.

Scope of the project

1) Listed models C5, J7, J8; Not listed products can be added as JAECOO series car cover red cloth

2) Add new technology page

3) Delete all E5 related pages and change images to C5

4) About us page, add more pictures to show OJ Brand identity and Slogan ; Reference: OMODA.UK

5) Add News or Exclusives, new technology news, etc

6) Add Location page and add address, contact number and picture of showroom.

7) Add service page

8) Change the VIN code in Service Support in Contact us to optional

9) Specify the Vehicle type in Service Support

10) Add terms & Conditions and Privacy Policy.

11) Test drive booking (Payment gateway integration excluded)

12) Add a financial calculator like MG. (https://www.mg-qa.com/new-stock/17816148-mg-5-std/)

13) Add listed models.

Other Inclusions.

- Deployment of the updates to the Live server.
- 12 months technical support, up to a maximum of 5 hours per month.

Cost of Development (Option 01)

Delivery Time	03 Weeks from date of approval
Cost of project (QAR)	9,800

Payment terms

100% upon completion of the project and going live.

Exclusions

- The proposal is only for making changes in a static front-end and does not involving any other features that are not mentioned in the above scope.
- The proposal is valid for 30 days from the date of submission.
- Domain registration, hosting, SSL Certificate and hosting support are excluded in this proposal.
- All content including textual content, images, and videos should be provided by the client.
- Any marketing-related activities.
- Any third-party plugins that is required as part of the development.
- Any additional features needed that are not mentioned in this document should be considered for a separate contract after the completion of the initially agreed project plan.
- Technical support will start only upon receiving the project payment.
- Monthly service hours will be expired in the end of every month and will not carry forwarded to the following months.

Cybergenix

Project Timeline
- Work will start upon confirmation of the project and receiving the official PO.
